Feel the Taste!

Quality, progress, trusting relations!

At **GALAXY – Mavidou & Sons OE** we have been creating products that stand out for their **quality** and **tastiness** for more than half a century, while always staying true to consumers and the Greek diet. In the hands of the second generation, the company has transformed into a **modern production unit** covering an area of **2000m²**, drawing on its experience while always looking to the future. The values passed on to us are still our main philosophy. We make a point of selecting **exceptional raw materials**, creating **relations of trust** with suppliers and customers based on our mutual benefit, and **constantly being in search of improvement**. Our company invests dynamically in **machinery** and **improving production conditions**. It keeps abreast of market developments through **constant research**, it upgrades and develops its range of products, while offering **improved work, hygiene, and safety conditions**. Today it is a dynamic company with a broad range of private label products marketed in Greece and beyond, and **remarkable export activities**.
