## SHORT PRESENTATION OF HELLAS QUALITY FOODS IKE

HELLAS QUALITY FOODS is a purely Greek company founded in 2014 and operates in new modern facilities.

The company specializes in the wholesaling of fresh garlic and in the production of fresh garlic products.

The main products produced are Peeled Cloves, Fresh Chopped Garlic, Garlic Paste and Black Garlic under the brand name Alion in Food Service, Retail and Private Label packages for domestic and foreign customers.

All our products contain exclusively fresh garlic without any natural or technical preservatives (oil, brine, dyes etc.) and are processed in our modern facilities in Athens Greece.

The company has the ability and know-how to develop a range of other products such as cloves in brine, flakes etc

The annual production capacity is 800 tons of net product

The company is certified with Production and Food Safety and Management Systems ISO 9000 :2020 ISO 22000: 2020 and FSSC 22000: 2020.

The company employs a total of 23 people

- Production staff 6
- Scientific Quality Staff and Associates 5
- sales force 8
- Accounting 2
- other 2

Please do not hesitate to contact us for further information

Our company peels, standardizes and packs fresh garlic ready for use. Without preservatives, oil, brine, vinegar or modified atmosphere, we pack fresh garlic for you at a price cheaper than buying and cleaning it yourself. This way you earn money from your purchase, work, and product lifetime. Peeling, processing, standardization, packaging, maintenance and disposal are always made with garlic, materials and equipment of excellent quality in our modern facilities, under the application of the stricter quality criteria and quality assurance systems such as ISO 22000 (HACCP).

Unsere Firma schält, vereinheitlicht und verpackt frischen, gebrauchsfertigen Knoblauch. Wir verpacken für Sie frischen Knoblauch ganz ohne Konservierungsstoffe, Öle, Sole, Essig oder modifizierter Atmosphäre zu einem billigeren Preis, als wenn Sie ihn selber kaufen und reinigen würden. Auf diese Weise sparen Sie sich ihre Arbeitszeit, profitieren von einer längeren Haltbarkeit des Produktes und das zu einem besseren Preis. Das Schälen, die Verarbeitung, die Standardisierung, das Verpacken, die Wartung und die Entsorgung des Knoblauchs erfolgt in unseren modernen Einrichtungen, mit Material und Ausrüstung von ausgezeichneter Qualität, sowie unter der Anwendung von strengen Qualitätskriterien und Qualitätssicherungssystemen wie ISO 22000 (HACCP).
